

**Subject:** Re: Your Room Assignment (1110-C) at the Charles T. Munger Physics Residence

**From:** James Brill <housing@kitp.ucsb.edu>

**Date:** 7/12/18, 6:56 PM

**To:** <abouzar.kaboudian@physics.gatech.edu>

Welcome to the Charles T. Munger Physics Residence!

We have made every effort to make this facility truly your home for your stay. While there is a much longer guide containing all details and procedures about staying at the Residence, here are the essential items to get you started.

1. For your safety and privacy, the exterior doors of the Residence are always locked. When you arrive please use the following one-time-use access code to enter the building at the front door on the East side of the building:

699883

Once you enter, please check in with staff at the desk, or if arriving late, please find the envelope on the front desk with your name on it to receive your key. The key pad also is the access point for your e-key.

**Your unit will be available for check-in at 5pm or later. If you arrive earlier you can wait in the common areas of the building**

**PARKING:**

If you arrive on a weekend, we would suggest buying a pass from the machine in front of the Residence building. One can buy a pass for up to 7 days to park in front of the Residence. The "KITP Visitor Spaces" are for loading and unloading, and parking for 20 minutes or less.

For longer term parking, the lot for the building is Lot 30, which is a short walk from the Residence. To buy the permit, go into the Parking Office (also in Lot 30) and buy a staff pass as a visitor to KITP.

With this pass you can park in Lot 30, and Lot 10, which is next to Kohn Hall.

Indoor bike parking is also available. NO bikes are allowed in the building.

2. The WiFi network is "KITP RESIDENCES". Connect to the network, and choose "login by email and mobile". Follow the prompts. You will receive a text message with your password. Use the password to connect to the network.

3. What to bring with you- your apartment at KITP is fully furnished, including all kitchen items. We only ask that **you provide your own food** and consumable products, such as soaps and paper goods. Your unit will have a starting supply of toilet paper and paper towels.

4. Your apartment is your home. We will provide you with all cleaning products to keep your own space clean (no cleaning or laundry service is offered). We respect your privacy and will not enter your unit unless called for by repairs or maintenance.

5. Laundry machines are available for free in the Basement. We ask that you provide your own soaps and detergents. For those staying in the seven bedrooms, the laundry is in your unit.

6. There is a trash and recycling room at the East end of each floor. Please press the green button above either of the chutes for trash or recycling and drop it down the chute. On the first floor, you access this space via a door from the Bike Room.

7. The water and ice dispensers on the refrigerators have not been activated. There are reverse osmosis faucets and ice machines in the Prep Kitchen, First Floor Lounge, and Basement Lounge.

8. All bikes must be stored in the Bike Storage room, as should surfboards or other items from the beach. The shower in that space is to help you remove additional sand, and we also have 'tar-off' available should you find tar on your feet from the beach. We make these efforts to keep the Residence in excellent condition, as both Tar and bikes in the building lead to substantial damage.

9. Check-out Procedure-When departing, please remove all of the linens from your bed and place them on the floor of the unit along with your towels. Please wash all of the dishes and empty the trash. Please clean your unit with the materials provided. Please return your keys in an envelope with your name and room number to the front desk.

Please enjoy your stay, and respect the property so that future generations of physicists can have the same experience as you have had!

### **Greetings, Dr. Abouzar Kaboudian**

You will be housed for your visit at KITP in the Charles T. Munger Physics Residence. KITP will be billed directly for your housing.

The address is 6560 El Colegio Road, Goleta, CA 93117, just east of Los Carneros Road. This is not a mailing address. Google Maps shows the location as "KITP Residence".

### **Room Assignment Details**

<b>Suite Number</b>	1110
<b>Room Number</b>	1110-C
<b>Room Type</b>	Multi-Room Suite
<b>Room Description</b>	This is a shared multi-room suite, you have your own private room and private full bath.
<b>Check-In Date</b>	July 14th, 2018
<b>Check-Out Date</b>	July 21st, 2018

**Please check out by 12pm on your last day.**

We are staffed from 8am-8pm Monday-Friday and 12pm-10pm on Weekends.

If you are arriving after 10pm, you will be given a one-time-only entry code to the building. This will expire after it is used. You **MUST** request this in advance of arrival.

The residence is your home for your stay. As such we request that you treat it as your home, keeping it in excellent condition for the next visitor. With your cooperation, we can make this space a premier scientific community.

All apartments are fully furnished, including dishes, cookware, and linens. All beds are king-sized. Cribs and high chairs are also available. The residence is located just off campus, about 1.3 miles from Kohn Hall, KITP's home. Indoor bike parking is also available. NO bikes are allowed in the building.

## Arriving

When you arrive at the Residence, please be dropped off at **6560 El Colegio Road, Goleta, CA 93117**. There is limited short-term parking for loading and unloading only. If you bring a car, you may park in Lot 30 with a purchased permit. You **MUST** buy a permit to park on campus (please see the following section for information on purchasing parking permits).

Please be aware that the Residence is for visiting scholars and their pre-arranged families only. We do not accommodate unexpected guests nor provide extra access keys.

## Parking

If you arrive on a weekend, we would suggest buying a pass from the machine in front of the Residence building, where you can purchase a pass for up to 7 days to park in front of the Residence. The "KITP Visitor Spaces" are for loading and unloading, and parking for 20 minutes or less.

For longer term parking, the lot for the Residence is Lot 30, which is located a few blocks away from the Residence on Stadium Road. To buy a permit, go into the Parking Office (also in Lot 30) and buy a staff pass as a visitor to KITP.

With this pass you can park in Lot 30 as well as Lot 10, which is located next to Kohn Hall.

More information about parking permits: <http://www.tps.ucsb.edu/parking-permits>

## Check-In/Keys

Please check in at the reception desk with a photo ID.

If you plan on arriving after 10pm, you will be given one-time-only entry code to the building. This will expire after it is used.

The Residence building key will also open Kohn Hall after hours.

## Directions to the Residence

More information about getting to KITP: <https://www.kitp.ucsb.edu/visitors/before-your-visit/transportation>

Use the following address when searching:  
6560 El Colegio Road, Goleta, CA 93117

### **From Los Angeles International Airport (LAX)**

We recommend the [Santa Barbara Airbus](#), particularly if you must return to LAX for your departing flight. The Airbus is reliable, and offers a reasonable [round-trip fare](#). The nearest Airbus drop-off point to the Residence is the Goleta terminal at 750 Technology Drive; once you arrive, you will need to call a taxi or ride service to the Residence.

If you are driving from LAX, exit the airport lot at Sepulveda Blvd., and follow Sepulveda Blvd. to the 405 North Freeway entrance. Follow 405 North to 101 North (Ventura Freeway). Remain on the 101 (for approximately one and a half hours) into Santa Barbara. Proceed through Santa Barbara and north for approximately 10 miles. Exit at the "UCSB/Ward Memorial" (Highway 217) offramp. Follow the signs onto campus. Keep right onto Mesa Road, then turn left onto Ocean Road. Turn right onto El Colegio, turn right into the parking lot across from Camino Pescadero Street.

Santa Barbara Airbus LAX Shuttle: <https://sbairbus.com/page/display/laxshuttle>  
Santa Barbara Airbus Booking: <https://sbairbus.com/reservations>

### **From Santa Barbara Airport (SBA)**

The most convenient way to get to the Residence from the S.B. airport is to call a taxi or ride service. If you are renting a car at the airport, turn right as you exit the rental car lot, onto William Moffet Lane. Keep left onto Highway 217/Ward Memorial Blvd., keep right on Mesa Road, then turn left onto Ocean Road. Turn right onto El Colegio, turn right into the parking lot across from Camino Pescadero Street. It is less than a 10-minute drive.

### **Smoking**

Smoking is not permitted in the KITP Residence, in any units, common areas, or grounds, even outside of the complex. UCSB is a smoke free campus. Failure to comply will result in dismissal from the Residence.

### **Date Changes**

Please be aware that if your arrival or departure date is changed shortly before or during your visit, we may not be able to house you. Changes made less than one month in advance of

arrival can result in housing being unavailable for your visit.

## Mail

**You will not be able to receive mail at your residence address.** Mail sent to your unit will be returned to the sender.

Please use this address for all mail:

**Your Name  
KAVLI INSTITUTE FOR THEORETICAL PHYSICS  
KOHN HALL  
UNIVERSITY OF CALIFORNIA  
SANTA BARBARA CA 93106-4030**
